“  
Keep up with trends, see new trends, learn about new products, make valuable connections with colleagues, vendors and floral artists and be surrounded by beauty  
”

“  
A place to have face-to-face meetings with your customers, especially since those opportunities have been scarce for 2 years  
”

“  
Its a great organization that helps you develop new business, re-ignite with the old and gives opportunities for the up-and-coming new designers and companies to be recognized.  
”
